

## ELF/P laser label foil premium

### Product information

The double-layer ELF laser label foil is ideal for the production of custom adhesive labels and displays a reliable, permanent adhesion on Polyolefine (PE/PP), slightly oily or powder coated surfaces.

Complete cover of high-contrast base colours. labeling and cutting is done with a Murrplastik laser system.

#### Halogen-free polyacrylate foil

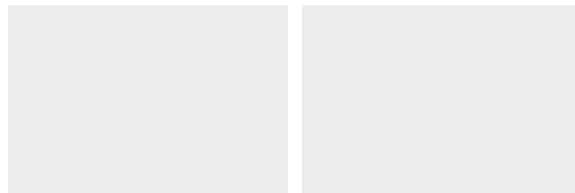

Very good chemical and thermal resistance

Self-extinguishing after 15 seconds

Available in various colours

Custom configuration of the labels

Forgery-proof: Cannot be detached without destruction

#### External suction system

When laser inscribing ELF/T laser label foil, you must scrub the exhaust air or route it to the outside (observing statutory provisions) as a precautionary measure against the sometimes strong odours that the machine produces, and to not endanger the health of employees. An external suction system can be connected directly to the MP laser labeling system using an adapter.
