

mp-IM 1

Product information

The lightweight and compact mp-IM 1 inkjet printer from Murrplastik is quick and flexible to use and especially suitable for small print jobs. It convinces particularly by its fast printing speed and its extremely fast drying ink, which allows the inscribed sign to be inserted immediately after printing. The mp-IM 1 can be used to mark all Murrplastik baseplate bound polycarbonate signs with the specially developed black ink. The modular design of the device and the unit of print head and cartridge also make for a stable and easy-to-maintain system.
